

The GW Family Leadership Circle

is a global network of families of current and graduated students dedicated to expanding opportunities for students at the university.

Parents, grandparents, and other family members who join the Family Leadership Circle have the opportunity to engage with university leadership and network with other involved parents and family members around the world. They also help raise awareness and funds to support vital programs that contribute to the success of GW students.

We invite families to celebrate their student's college journey by joining the Family Leadership Circle in a way that is meaningful to them. Families whose annual philanthropy, July 1st through June 30th, to the university exceeds \$5,000 are welcomed into this special giving community. Gifts can support all parts of the university. Membership is renewed each year or families can partner with the university in a more significant way and make a commitment that can be paid up to five years.

JOIN THE FLC BY MAKING A GIFT

Give a Gift: give.gwu.edu/campaigns/39020/donations
